

Company overview

Digitalising alternative investments in a seamless end-to-end investment process. Bite Investments is a global financial technology company that provides software-as-a-service (SaaS) to alternative asset managers and enhances connectivity to investors. Bite's investor solutions software, Bite Stream, improves and expands access to the private markets through a customisable, end-to-end software solution providing a fully digital, intuitive and efficient investor experience for product launch, investor subscription, onboarding, and post investment events. Bite's digital marketplace allows investors and advisors to invest in top-tier alternative investment funds in a streamlined process. We combine our proprietary technology with select investment opportunities to provide unique value propositions to a range of clients.

Bite is led by an international team with extensive experience in alternative investments, financial services, and technology. The company has offices and customers in North America, Europe, and Asia. The majority owner VCP Advisors Limited is regulated by FINRA / SEC (US), the Financial Conduct Authority (UK), SFC (Hong Kong), and CIMA (Cayman).
